Skills

Programming Languages: Java, C++, Python, JavaScript, TypeScript, SQL, R

Web & Backend: HTML5, CSS3, React.js, React Hooks, Node.js, Express.js, RESTful APIs, JWT, MongoDB, Mongoose

AI, Cloud & Tools: RAG, Gemini API, OpenAI API, LangChain, ONNX, WASM/WebGPU, Playwright, Docker, Vercel, Render, Git, GitHub, Postman

Education

Maharaja Agrasen Institute of Technology

B.Tech in Computer Science (Data Science)

Aug 2023 - June 2027

CGPA: 8.8/10

Relevant Coursework: Data Structures and Algorithms, Database Management Systems, Machine Learning, Operating Systems, Computer Networks, Software Engineering.

Project Work

- **PrepAI — AI-powered Job Preparation Platform:** Built a full-stack AI platform for resume analysis, interview preparation, and personalized learning recommendations. Integrated Gemini API for ATS resume feedback and interview preparation, with JWT-secured REST APIs. MERN Stack, Gemini API.
- **ShopSphere — Full-Stack E-Commerce & AI Assistant:** Built a MERN e-commerce platform with product search, filtering, cart management, and Razorpay checkout. Developed REST APIs with JWT authentication and integrated Gemini AI for conversational product discovery. MERN Stack, Gemini AI, Razorpay.
- **NeuroScan AI — Deep Learning Chest Radiograph Intelligence Platform:** Built a chest X-ray analysis platform using a fine-tuned MobileNetV2 CNN for pneumonia detection. Developed an interactive radiological workstation with image inspection, risk stratification, and clinical PDF reporting using a decoupled Next.js frontend and Python/TensorFlow inference service. Next.js, React, Python, TensorFlow, MobileNetV2, Canvas API, REST APIs.
- **PrivAgent — On-Device AI Browser Agent:** Built a privacy-first browser agent that processes DOM structures and screenshots entirely on-device. Developed ONNX-based UI perception accelerated with WASM/WebGPU and integrated Playwright for secure browser automation. Chrome Extension, ONNX, WASM/WebGPU, Playwright.

Certifications

- **IBM Data Science Professional Certificate:** Completed professional training in Python, SQL, data analysis, data visualization, machine learning, and data science using tools such as Pandas, NumPy, Matplotlib, and Jupyter Notebook.
